WINE SELECT:

- PILUNA - Monaci, Italy - PRIMITIVO - 9 gl., 29 btl.

Piluna is a primitive wine produced at the Castello Monaci winery. It is produced with Primitivo grapes harvested from vineyards cultivated with Apulian sapling and Guyot on deep and dry clay soils with the presence of tuffaceous limestone, in the Salice Salentino area in the province of Lecce. Harvesting is done by hand only from dawn to nine in the morning, when the temperature is cooler. Piluna is a wine characterized by a dark purple red color. It has a wide scent of ripe grapes, with hints of pepper and vanilla and flavors of Mediterranean scrub. On the palate it expresses a robust, concentrated, soft but firm taste with a graceful bottom of jam of small black fruits and long-lasting liquorice. To be served at a temperature of 16 ° C.

- OXFORD LANDING - South Australia - SAUVIGNON BLANC- 9 gl., 28 btl.

Pale straw with a tinge of green. Fresh and zesty aromas of green nettles, passion fruit, lemongrass and mango. Light bodied showing layers of fresh lemongrass and papaya flavours. Fine, crunchy acidity helps to focus the taste buds on the finish which is persistent, clean and utterly delicious.
